FROM: HISTORICAL AREAS BOARD OF REVIEW, TOWN OF ORANGETOWN

HABR#24-03: Application of Antrim Playhouse, Tappan Reform Church – Manse Barn, for review of two (2) new signs on an existing building located at 32 Old Tappan Road, Tappan, New York. Chapter 12 of the Code of the Town of Orangetown, Section 12-4 (E), Historical Areas Board of Review.

Tax Map Designation: 77.10 / 2 / 15; R-15 & CS zone(s)

Heard by the HISTORICAL AREAS BOARD OF REVIEW at a meeting held on Tuesday, June 11, 2024 at which time the Board made the following determination:

Doreen DiBenedetto appeared.

The following documents were presented:

1. Copy of a survey for Tappan reform church, by Steven J. Collazuol New York P.L.S., & P.E., dated 04/02/2001.
2. Two computer generated pictures of the proposed sign, by All Type Signs, dated 2/25/2024.
3. Email from dated June 11, 2024, giving Doreen DiBenedetto permission to represent this project at the meeting.

Doreen DiBenedetto, Antrim Players Inc., stated that Antrim community theater has a long term lease with the Tappan Reform Church; that they are almost ready to open and would like to have these two signs installed onto the building; that the proposal is for two separate aluminum signs each being white with maroon lettings screwed to the building with wood screws; that the proposed signs are to be 24” x 152” and the other is to be 20” x 120”; that there is no new lighting proposed the existing dusk to dawn lighting is to remain; that there would be no objection to additional lighting; that lighting for the sign that is viewable from the road vs the lighting for the sign that is viewable from the driveway would be different; that the Antrim Players Inc. organization has existed since 1936; that the area and building they were in were in bad shape and someone wanted to buy it; that they found the manse barn and are really happy to be in this community and hopefully bring in a lot more people into the area for restaurants and local businesses; that they are a historical organization and the area is also a historical area; and that they would like to put on a USO show in the future.

Margaret Raso, Chair, stated there used to be a USO show there in the past; that there should be two signs of the same size; and that if they decide that they would like to make any changes to lighting they will need to come back with those changes if you wish to add them.

Thano Schoppel stated that it was nice to see traditions carried out.

Scott Wheatley stated that he thinks it’s great that they were at the other location in Ramapo and are now moving here to Tappan; and that he has an idea of what the signs will look like because they have temporary signs up now.

William Walther stated that the scale of the letters on the smaller 20”x 120’ sign looks nicer; that the scale on the larger sign 24” x 152” looks smaller; he also suggested multiple, possibly 3, hanging lights, alongside the length of the sign, that hang over and shine; similar to a vintage saloon style with a charming yellowish glowing beam only turned on the nights when there is a performance; that it would be a throwback to the period of the structure.

PUBLIC COMMENT:

Carol Schelin, 215 Washington Street, apartment 28, Tappan, New York stated that in response to the Boards questions about the sizes of the signs she believes a person coming in from the church is a larger entrance and a big parking lot so that would make sense for that to be a bigger sign; that whereas the long building entrance is not prominent and people won't see it as much from main street and it would be more like an identifying sign.

The Board, and Doreen DiBenedetto, clarified that it is in face the opposite for the scale of the signs.

Carol Schelin stated that she believes having the signs the same size would be better; that there is a great difference in visibility between coming in from the parking lot and coming in from the other side.

FINDINGS OF FACT:

The Board, after personal observation of the property, hearing all the testimony and reviewing all drawings and plans, and other submissions, correspondence and reports (if any), found as fact, that: The application as presented, would not adversely affect the Historical Areas and the surrounding area. The design and materials for the proposed signs:

1. The sign on the side of the building which faces Main Street shall remain as 20" x 120" x 1/4" white aluminum sign face with maroon letters, lettering to be vinyl. Sign to be screwed to building front using wood screws.
2. The sign on the side of the building which faces Kings Highway shall change to 20" x 120" x 1/4" white aluminum sign face with maroon letters, lettering to be vinyl. Sign to be screwed to building front using wood screws.

THIS APPROVAL/DECISION, INCLUDING THE BOARD'S REQUIRED MODIFICATIONS TO THE APPLICANT'S DRAWINGS AND /OR PLANS, OR CONDITIONS SET FORTH HEREIN, IF ANY, IS GRANTED BY THE HISTORICAL AREAS BOARD OF REVIEW SUBJECT TO ANY SUCH CONDITIONS AND/OR MODIFICATIONS, AND IS LIMITED TO THE SPECIFIC RELIEF REQUESTED HEREIN.
